

Merchants of Brownville Membership Drive 2010

Greetings All!

What a great year we've had. The membership was up 60 percent, for a total of 32 members during 2009, and we are really looking forward to the 2010 membership and what that positive activity will bring to us *and* the Village in general.

The future of the Merchants of Brownville is bright. The things we've accomplished together have reinforced our solid foundation to support and promote Brownville's stellar projectory in the state and region. Forging new professional relationships, benefiting from those relationships, capitalizing on our shared common knowledge, and setting goals have been a success for us in 2009.

I would like to sincerely thank each of you who have contributed to the past years' membership and support of the Brownville web site and the Brownville Visitors Center by contributing your time, ideas and money. We had a fantastic year in the visitor center with over 28 volunteers compiling 1,680 hours and serving more 2,900 visitors (more than doubling last year's recorded visitors). The web site is performing outstandingly with an average of 112 sessions and 383 page views a day. Our web site visitors are spending an average of over 3 minutes on the site, and while this seems such a brief time in the digital world it is a very long time. We've added and enhanced our existing events, and plan on a few more new businesses coming to Brownville.

All base membership levels receive web site banner advertising space with contact information and a link to their business or organizational web site and the placement and promotion of your business brochures or flyers in the visitor center. Membership yearly dues support web site and domain maintenance costs. Membership also supports the operation of the Brownville Visitor Center. Additionally, your membership supports business and community advertising, and festivals and events as voted on by membership. We help market and promote Brownville through advertising and articles of interest in both print and on the web.

From the Wine, Writers and Song Festival in the Spring to Paint Brownville Autumn in the fall and more our contribution to Brownville and South East Nebraska has a meaningful impact. Come join us and help create memories in Brownville for tens of thousands of people each year.

If you have questions or concerns about membership fees, or any Merchants of Brownville related issue, please don't hesitate to call or email me. It will be my pleasure to visit with you.

Warmest regards

Jay Tallmon
